Task Description

Create a detailed outline for your research paper on modern literature. Include main arguments, supporting evidence, and a clear thesis statement.

AI Prompt Guidance

When using AI, be specific about your requirements. Ask for outlines, not complete essays. Always review and adapt the suggestions to your own understanding.

No usage so far - Keep it up!

Task Description

Solve the constrained optimization problem regarding the cost-minimization of an industrial cylinder. Formulate the objective function and constraint equation.

AI Prompt Guidance

When using AI, ask for a step-by-step derivation of the partial derivatives rather than just the final answer. Request that the AI explicitly write out the formulas.
